

Wooden Curved Art Deco Silver Leaf Display Cabinet

Reference:

MPD-006394

Description

This is a walnut Art Deco cabinet with rounded sides. It has two glass doors, clear curved glass on the sides and two glass shelves. This is a fine example of Art Deco furniture. The sliding glass doors are decorated with a beautiful applied silver design. There is minor loss to the silver as shown and there are a few random flecks missing here and there throughout. There are also a few flea bites on the corners and edges of the glass shelves. This case measures 38 inches wide, 12 inches deep, and 47 inches high. We will deliver this to you via freight anywhere in the 48 contiguous states for 350.00. Delivery may take a few weeks based on where our freight shippers are in the USA. Of course local pick up is free.
