

Cabinet by DIM

Reference:

MPD-006473

Description

A cabinet designed by the furniture group known as DIM. The two-door cabinet sits on a base of zigzag fluted rosewood and four flat square feet. The doors each have a circular chrome handle.

Made in France.

Circa: 1930.

Decoration Interieure Modernes (DIM)

The firm was established in 1919 by Rene Joubert who was trained as an architect before moving to the decorative art, he was employed at Maison Jansen where he was instruted funiture making. In 1924 he was joined by Philippe Petit a younger man who had worked at atelier Primavera. Joubert was the senior partner, designing most of the furnishing displays, Petit's role was to create interiors by introducing muted colors green and greys. The firm worked for an elite clientele, thye kept the editions small, by the 1930 the firm yielded to the metal furniture designs with equanimity. Joubert's deat in 1931 le to Petit's resignation from DIM. (Excerpt taken from Art Deco Complete by Alastair Duncan)
