New York Concept (united Nations Building)- By Fisk Boyd

Reference:

MPD-002391
Description
"Concept (United Nations Building)" by Fisk Boyd in 1951. Woodcut and embossing on heavy paper. Exceptionally fine condition. Richly inked impression with heavy embossing which gives the print three dimensionality. (12 1/2in. X 9 1/8 in.) Fisk Boyd was born in Philadelphia, PA 1895 died 1975. Painter, graphic artist, block printer, drawing specialist, educator, lecturer. A copy of this print was purchased by the Smithsonian American Art Museum in 1967.
