Description

A 1930's Art Deco multi-level stand or table with Birdseye maple tiers on a gracefully curved chromed steel base. Unmarked but in the style of Donald Deskey who loved asymmetrical lines!!! The wood shows expected wear with a ring mark; the chrome has wear with matte marks and light oxidation. Very good vintage condition with some wear to materials—commensurate with age. 29.0"W × 12.0"D × 19.0"H
