Reference:

Description

This vintage American art deco tapestry/wall hanging is from the 1930's. On a black background, the artist created a vibrant image of comets among square stars (or maybe just deco roses?). Using silver, blue, and orange thread in crewel and cable stitching, the unknown artist has created an arresting work of art that will grace any deco interior. The fabric is 28" wide and 20" tall. It is presented in a silver frame and is 21 ½" x 30 ¼" overall.
