Reference:

MPD-003839

Description

Long mid century modern Danish teak credenza by Bernhard Pedersen. Expertly crafted with sleek lip-like, solid teak carved handles gracing the tambour doors. Open the cabinet to reveal cabinet space at left and right. A stack of three drawers reside at center. Interior shelves are adjustable height and removable. Bernhard Pedersen is a shining example of quality in Scandinavian cabinet making. Their pieces showcase choice materials and superior handwork. Marks of quality include tightly joined tambour and dovetail drawers, solid teak sculpted banding around the facade, and subtly contoured leg system. Back side is finished but has a repair. Credenzas of this caliber and size are not easy to come by. Do not let this gem pass you by.
