Description
Vintage Machine Shop Cabinet

Industrial Bar/Audio/Entertainment Center
This custom-made piece started its life as a "Lab-Volt" power supply cabinet out of a machine shop . The entire exterior was hand-
stripped to raw steel and given a clear laquer finish. Shelves were added to create a bar/liquor cabin et and the matching vintage stereo was added because...well, why not? And any old Lab-Volt machi nist's cabinet/enterainment Center just wouldn't be complete without a caged hazard light! Right?

*** Features***
Hand-stripped and clear-coated exterior
Pull-out work surface
Lower storage cabinet
Custom ply-wood shelves (The wood grain looks eerily similar to stemware...weird)
Under-shelf Lighting
Vintage Califone stereo with custom matching ply-wood cabinet
"Chocolate Brown" paint accented back panel
Custom Pioneer speakers with matching ply-wood cabinets
Caged Hazard Light (To officially proclaim when the music/boozing is on or off)

Stash your booze and play your vinyl/digital audio in style!
