

# Vintage Machine Shop Cabinet Industrial Bar/audio Liquor

### Reference:

MPD-003635 Description Vintage Machine Shop Cabinet

#### **Industrial Bar/Audio/Entertainment Center**

This custom-made piece started its life as a "Lab-Volt" power supply cabinet out of a machine shop . The entire exterior was hand-

stripped to raw steel and given a clear laquer finish. Shelves were added to create a bar/liquor cabin et and the matching vintage stereo was added because...well, why not? And any old Lab-Volt machinist's cabinet/enterainment Center just wouldn't be complete without a caged hazard light! Right?

#### \* Features\*

Hand-stripped and clear-coated exterior Pull-out work surface Lower storage cabinet

Custom ply-wood shelves (The wood grain looks eerily similar to stemware...weird)

**Under-shelf Lighting** 

Vintage Califone stereo with custom matching ply-wood cabinet

"Chocolate Brown" paint accented back panel

Custom Pioneer speakers with matching ply-wood cabinets

Caged Hazard Light (To officially proclaim when the music/boozing is on or off)

### Stash your booze and play your vinyl/digital audio in style!

## **Price:**

\$2,499.00
