Florida Everglades Inspired Wallpaper By Marjorie Goldman

Reference:

MPD-005561
Description
This very special wallpaper designed by Marjorie Goldman can be ordered in a variety of colors and has a 17" repeat. A whimsical design that reflects life above the water in the Everglades with Heron, Ibis, Osprey and Roseate Spoonbills delicately perched on flowering branches against a blue sky. The same pattern is available with stormy sky and sunset sky colors. Ask about lead times to order.
