Reference:

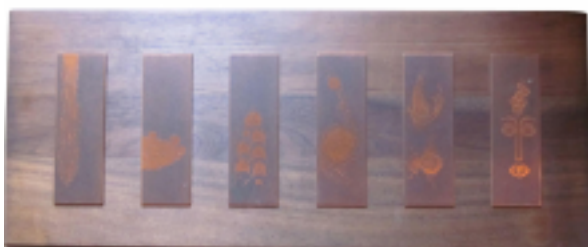

MPD-005776

Description

This is a funky MCM set of copper art engravings mounted on a wooden plaque. There are several different engravings, one appears to be water or fireworks another looks like a fish and a stylistic bird, some look like celestial bodies, or galaxy, and another is clearly a woman's face. All of this is open to interpretation. Condition is very good, on the back there are grooves in the wood for easy hanging. Measurements are: 24 inches long x 10 inches high x 1 inch deep
