Description
The design of this bracelet is unique, and the glowing orange rhinestones are the color of the inside of a beautiful blood orange. The stones are pear cut and faceted on the bottom of the stone as well as the edges at the top of the stone. Each rhinestone measures 3/4" long x 1/2" wide and each is copper backed to reflect the light even better. They are table cut on the top, which creates an amazing twinkling glow....just like a sunset. The setting is a bright shiny silver tone metal. The leaves are large and very detailed, right down to the veining and the curling edges. I cannot tell you how pretty this piece is....the quality & condition is tremendous. It measures 7 inches long x 1 1/2" wide.
