#### Description

These earrings are not for the faint of heart. They are absolutely gorgeous therefore perfect for the girl who wants to be noticed! The earrings measure 3 3/4" long x 1 3/4" wide at the hoop. Each earring has a diamond shaped design at the ear with four pave rhinestone balls framed in more rhinestones. The dangling hoops are made up a multitude of blingy pave rhinestone balls. In all of my years of buying and selling costume jewelry I have never seen these earrings before! These would be perfect for bridal or even a special night out on the town. They are clips.
