Description
Original Period Art Deco 1930's Pair of Club Chairs This stunning vintage yet modernist pair is upholstered in hard-wearing naugahyde with complimentary piping and is accented with original brass nail head trim. A truly impressive set that would look sensational in your prohibition themed bar, in-home movie theater or Art Deco period home. Measurements: Overall Height 31" Overall Width 35" Overall Depth 3ft Seat Height (floor to top of seat cushion) 17" Seat Cushion Depth 23" Condition: “Good vintage 1930's condition, but some flaws as follows, as to be expected from being original period pieces. Light wear, discoloration and small staining of material. Staining beneath cushions on fabric. Light wood "cube" feet are most likely not original to pieces, but can be left attached, removed or replaced with bun feet of your choice. Tear in material on left side of one club chair - appears to have been repaired so as to not tear further. Slight loss of material at scalloping on backs.”Being original 1930's period pieces, there will be imperfections and wear as is expected from age. We have tried to accurately describe and provide photos to the best of our abilities.
