Description

This is not a reproduction. This is an original one-sheet (27"x41") movie poster from the 1963 Sci-Fi classic "X", subtitled "The Man With the X-Ray Eyes", directed by Roger Corman and starring Ray Milland and Don Rickles. This is known as Roger Corman's best film, and it won the 1963 "Silver Spaceship" award from the First International Festival of Science Fiction Films. The stunning graphics were done by renowned artist Reynold Brown, who is responsible for the art in some of the most highly sought-after titles among movie poster collectors, such as: The Creature from the Black Lagoon, I Was a Teenage Werewolf, The Incredible Shrinking Man, The Time Machine, Mutiny on the Bounty, and many, many others. It is unrestored, in fine condition, with fold lines, pinholes, and expected signs of use. May have minor paper loss and separation. A "must have" addition to any collection.
