Holland America Line / Statendam. 1928.

This poster was used to advertise the first transatlantic crossing of the latest Statendam (there were two previous liners of that name), which became the flagship of the Holland America Line in April 1929. The design uses chains, derricks, and a linear perspective to create an image of power and stateliness. This is the English-language version.

Price:

\$2,400.00
