Salvador Dali-Daum The Easter Eye Sculpture

Reference:

MPD-007889
Description
Salvador Dali sculpture for DAUM, titled "l'Oeil de Pâques" The Easter eye.
Signed and numbered 38/150.
Technique: Pate de verre
Dalí found that glass, the pate de verre, offered the perfect medium for the "expression of metamorphosis" that, according to Dalí, is his surrealist perception of reality. The Daum collection allows us to see the genius of Dalí through the translucency of sculptures modeled from colored glass.
