Antique Pair of Restored Art Deco Close Ceiling Lights

Reference:

MPD-001456
Description
A PAIR of matching antique Art Deco period two light close ceiling chandeliers. Excellent for a lower ceiling where substantial light is desired. They could, if desired, be mounted with a pull chain for off□/on at the fixture. Or, it can be used with a dimmer wall switch.

While they were produced just slightly before the true Art Deco era, they would have nicely graced a home from 1920 to 1940 with authentic ease.

The frames have a nice pewter finish. Circa 1920 these fixtures were originally sold both as a close ceiling fixture and with a stem for a longer drop.

These chandeliers have been totally re□wired to UL code with new sockets and wire and are ready to grace a lovely home.

Each socket is fully capable of 100 watt incandescent bulb each or purchase our
optional LED Art Deco looking bulb 60□-WW-□E26 , each using only 7 watts and putting out about 75 watts of incandescent equivalent light. Makes running these chandeliers all night long, perhaps as nite lites, very economical indeed and cool to the shades as well.

Measures: 14 1/2" wide with a drop of only 7 1/2 ".

It fastens directly to a UL approved electrical box by the center finial. All mounting supplies will be furnished.

Price:

$475.00
