Antique Impressed Glass Art Deco Bowl Shade Ceiling Light

Reference:

MPD-003100

Description There is strong evidence to say that this fine heavy cast/pressed shade was made by Consolidated Glass Mnf Co of America.

The Company Frankelite, who made a few slip shade fixtures during the 1930's, made this ceiling bowl to match their Fenwick Series.

The pattern matches the Fenwick Series as well as the color.

A very nice quality offering and there is only one.

This ceiling bowl has been totally re-wired, in our UL listed workshop, with a new American socket cluster containing three sockets and it is ready to go. We have installed it on our recreated single light fixture that mounts on three chains.

Measurements: The maximum width (shade) is 12 3/8".

$ 475.00 for the complete ceiling light... plus careful packaging and shipping

Price:

$475.00
