

## Antique Art Deco French 7 Light Chandelier

### Reference:

MPD-001422

Description

Antique Art Deco French 7 Light Chandelier with Original Shades heavy sculpture shades.

This has been completely re-wired to UL standards in our lamp shop. Those funky old french sockets were changed to American sockets for our standard bulbs. Un-like American fixtures, this chandelier has a center shade and SIX globes on the outside. All matching and examples of the best french making glassware we have seen. Nicer still is the fact that the shades decor actually matches to metal decor so you know that it has been all original from the day-one which we are attribute to Circa 1920-30.

Measurements: Overall height is 38" tall. Can be made longer by adding chain links but cannot get any shorter...it is only using one chain link now. The diameter is 27" from shade tip to shade tip.
