

Antique Art Deco Slip Shade Soleure 5-Light Chandelier

Reference:

MPD-001453

Description

So nice to be able to offer another really nice light to you. Here we have one of the scarce lights of the deco era from Mid West MFG.

This is the 5 light Soleure chandelier. Mid West only made the best quality lighting. This chandelier is solid bronze with a great original finish.

The castings are so beautiful, as well, with lots of pierced parts which are...were... so hard to do as any casting man will tell you. The finish does have some minor flakes and thinning but it also has a nice mellow appearance and most antiquers would not touch this lovely...aged... finish.

This light has been totally re-wired as well with five new sockets and a new main stem wire. The drop of this light now is 30 inches and it has a diameter of about 20 inches..... shade tip to shade tip. The ceiling canopy measures about 7 inches in diameter. The five shades are in excellent condition with no chips or cracks and they all match each other very well.

Light fixtures require special shipping, our shopping cart uses a default shipping amount, you will be invoiced for actual freight charges.
