

## American Art Deco Bronzed Metal Slip Shade Chandelier

### Reference:

MPD-001454

Description

Art Deco Slip Shade Chandelier Light

A true high end quality original antique bronzed finish fixture Circa 1930. The bronzed finish is simply superb. fixture that is oh so near mint condition. Well...okay...80 years of wear are there... with near mint condition shades...how can it be much better than that ?

Measuring 28" tall with a diameter of about 18 1/2" from shade tip to shade tip, this is truly a magnificent offering. The decor of this chandelier is simply stunning. If you have been holding back for that truly outstanding piece, we believe that this is it.

To make it better, please note that this fixture has been completely re-wired with new sockets, and new wire, and is ready to hang. A full mounting crossbar set will be sent with this chandelier.

Each socket is capable of a 100 watt bulb or purchase our optional LED Art Deco looking bulb 60-WW-E26 , each using only 7 watts and putting out about 75 watts of incandescent equivalent light. Makes running a chandelier all night long, perhaps as a nite lite, very economical indeed and cool to the shades as well.
