Description Lovely Bohemian six shade COLBALT BLUE chandelier

The more recent cut glass shades are really quite lovely too.

blue scroll decor and brass accents thru-out the piece.

Simply elegant and quality to the maximum. With a strong bulb, they give an ambiance that is quite lovely with the sparkle of the cut crystal. Not easy to find quality like this.

We took our picture with a mere 15 watt bulb so the camera lens would focus on the entire chandelier and shade detail... not get blown out by the strong bulb.

Measurements: The Overall sconce height is 45". The maximum width (shade) is 32".
