Very unique and lovely glass pendent having multi-bulbs inside for a nice lighted appearance.

This pendent has has a lovely Edwardian ambiance with the lovely brass roses and leaves and does remind you of an Art Nouveau, but it’s a bit more than that too.

Origin is continental...perhaps Czechoslovakia or similair states that gave rise to the term

Bohemian glass which is so appreciated today.

A complete mounting kit (American style) will be supplied with this nice light.
