Description
166-ES2-NP French Marseilles Art Deco Slip Shade Sconce Nickel Plated with Amber Glass
166-ES1-NP French Art Deco Slip Shade Sconce Nickel Plated with Frosted Glass Although we specialize in American antique lighting, we couldn't pass up this French Art Deco design slip shade sconce. When our antique originals sold quickly, we decided to carry them as reproductions. We bought the originals from a restoration project in Seattle. They are in the style and quality of Noverdy and Vianne who are now mostly out of business. This is a nice large Art Deco sconce which is seldom found. The basic fixture is solid heavy brass, nickel plated. Our reproduction art deco shade is heavy glassware, typical of fine quality early glass, but rarely seen today. Choose from a frosted shade, or amber glass shade (pictured). If you have one of these fine sconces and need just the replacement slip shade glass , we can provide that as well.
