

French Mid Century Modern Shell Motif Sconces

Reference:

MPD-001435

Description

We only have four of these sconces. We believe they are French due to the old sockets we removed and probably from the 1950s or so. The shell motif is so nice for that decorative effect.

Electrical: These sconces have been totally re-wired, to American UL standards in our UL shop. Normal bakelite sockets for everyday medium base bulbs were installed. The sconce mounts with one normal sconce mounting all-thread to a normal electrical box from within the case. All mounting hardware will be supplied.

Meas: 8 1/2" tall. The shade has a maximum diameter of 8" . Projects into a room from the wall a 4 1/2"
