

French Art Deco Octagonal Wrought Iron Mirror Style Brandt

Reference:

MPD-005515

Description

This is one of the best small mirrors we've ever had! It is created of hand wrought iron, the bottom with stylized fleurettes on either side of geometric ribbon design and the two tassels on either side of the mirror are also wrought iron. The glass has a 1" bevel all around. The mirror is 20" high x 17" wide. Edgar Brandt did not make this mirror but the workmanship is impeccable.
