### Reference:

MPD-004897

#### Description

Wolfgang Hoffmann designed this coffee table for the Howell Company of St. Charles, IL. in 1935. It is constructed of flat band and tubular chromed steel with a plate glass top. It is in the company literature as the No. 816 glass top table. The table is 36" wide x 20" deep and 17" high. The table is pictured in *American Art Deco Furniture* by Ric Emmett on Page 312. I've added some really cool period documentation that Ric had found during the research for the book!
