Reference:

MPD-000604

Description

This pair of fluffy sheep were made in the 1970's after models made by Francois-Xavier Lalanne (1927 -2008). Constructed of ebonized wood and real sheep's wool, the animals' function is surrealistic furniture as they can be used as seating. The sheep have several advantages over living sheep, you don't have to feed them and there is no mess to clean up. They are 34" tall and 36" long.
