

Art Deco Dc-3 Aircraft Cocktail Cart Frantz Industries

Reference:

MPD-005419

Description

American art deco rolling cart was developed by **Frantz Industries** in 1938 for use on the DC-3, the legendary airplane that revolutionized air travel. The first aircraft to have an in-flight kitchen! Constructed of aluminum and black Bakelite, the cart was designed to roll the down the aisles of the DC-3 but will look great serving in your home. The decal reads "Frantz Industries, Genuine Aero-Art Product, Los Angeles"
