American Art Deco Lighted Electric Fireplace

Reference:

MPD-000116
Description
This sleek American art deco electric fireplace is from the 1930’s. The cabinet is mahogany and has a frosted glass inserted top. The “fire” is in a space flanked by ribbed pillars all in white lacquer. The “fire” is twisted rods glass, illuminated from behind. The fireplace has been refinished and rewired. There is a switch on the side to turn the lights on and off. The fireplace is 57” wide , 16” deep and 40” high.
