A Large Markel American Art Deco Double Shade Lamp

Reference:

MPD-000173
Description
This American art deco bright nickel table lamp was manufactured in the 1930’s by the Markel Corporation in Buffalo, New York. At 14” high it is taller than its little brother (TL 013). It has a domed base and the support is more curved. Both dome shades also are different. The lamp has been replated and rewired.
