### Reference:

MPD-001625

#### Description

A wonderful and very spectacular Art Deco desk, a classic modernist piece. Very nice flamed mahogany wood with black lacquer trim detail. Each bank supports the desk which has 3 drawers, quite practical for organizing all your stuff. Locks for each side. Nice faceted skirt surrounds the top with ribbon flame wood throughout. Matches up nicely with the edging around the base and drawer handles. Some very serious business could be done with this well designed piece, not too round not too square, just about enough of everything! Measurements: 35" D x 70.5" W x 31" T
