Description

Wow, I'd sure like to be sitting behind this stunning executive desk. Just in and newly refinished, original Zebra wood with tremendous wood details and marquetry. It would make just about anyone happy. Take a close look at the top, great straight grain Zebra wood. The desk is divided into 3 pieces, the top and the two drawer side pieces. Great storage with deep drawers and doors on each side. Nice easy movement for the drawers or files. The desk has a wonderful shape, the way the top jets in and follows the line of a wonderful jet black wood edge detail. Also matching feet. It would be easy to incorporate any new technology into this piece, definitely for the person with success on their mind. I don't mind. Measurements: 59.5"W x 31T x 35D
