

## Unique Zig Zag Theater Art Deco Sconces 2 Pairs

### Reference:

#### Description

Fresh out of unique theater setting (at least that is what I'm told)! I do love them, very sculptured and very dimensional. These have a striking modernist design with zig-zag metal treatment! They really make a statement. There are 3 colors of glass, the amber front slag panels with triangular tips to the top and bottom. White frosted side panels the can be adjusted inside to outside with just a hint of red glass, in all the right places. Nice original nickel and brass hardware. A very nice sculpted rosette on the back, perfect for hanging these lovely ladies. They even have the old style metal chain pull for on and off. Very unique and I just happen to have two pairs. Something not often found with such a unique lighting treatment. I will sell them separate, in pairs only, but if you need 4 don't wait around, they won't be hanging here long. Measurements: 16" T x10" W x 3.5" D
