

French Art Deco Sculpture Lamp

Reference:

MPD-001927

Description

A most unusual and beautifully articulated French Art Deco Sculpture lamp signed "Limousin". The spectacular jazz age base lights up, illuminating exceptionally fine sculptures of two women. Hand applied gilding adds wonderful character to this stunning piece. Limousin is the region in France where the piece was designed and made. It is typical for ceramics, glass and sculpture to bear the name of the region (such as Lorraine, Nancy, Sevres or Limousin) rather than the name of a specific artist. Be sure to zoom in on the photos to see the manner in which the hands, face and feet were detailed. That is a mark of an outstanding statue and wouldn't this one be just perfect in your home?
