

German Travel Picnic Cocktail Set W Flasks Glasses Zeppelin

Reference:

MPD-001870

Description

Made by the famous German company for all the great fitted cocktail designs of the 1930's. You've heard of the Zeppelin, the Airplane and numerous other configurations, maybe the most detailed and fitted cocktail paraphernalia of the period. Here is a set I've never seen in 25 years and yet it has all the markings, signatures and point of view attributed to the "made in Germany" to J.A. Henckels maker. This one not only has the electroplated silver finish with shaker, cups, nut dish, etc, but also has two glass flasks, all fitted together in a leather carrying case. Quite the traveling bar, great for the advance cocktail shaker collector, or those of you ready to add a little panache to the latest Gatsby picnic setting. I guess if you have to ruff it, this is a nice way to do it! LOL
