French Art Deco Chandelier With Floral Design

Reference:

MPD-006630
Description
A French Art Deco chandelier with a small center bowl and three arms with shades.

The glass shades are cast with deep floral designs with a frosted acid etched finish.

The nickel on brass frame is elegantly understated and has some expected tarnish and age wear to the finish.

The three rods rise to an Art Deco geometric designed canopy.

The light is wired and works with American electricity; retains the original French sockets which accommodate standard available bayonet bulbs.

30 high, 18 across
