

## Antique Industrial Mid-Century Modern Aluminum Folding Desk

### Reference:

MPD-007913

#### Description

Original medical field desk for the US military. Desk is completely constructed from aircraft-grade aluminium and features a very novel folding design that allowed it to be easily transported. We hand-stripped the outside of the desk to showcase the raw aluminium, spot welds and finishing marks then gave the entire exterior a semi-polished patina. Although the desk was designed for purely utilitarian purposes, the form shows a surprising amount Mid-Century Modern influence with its recessed handles and angular legs. The original "medical green" paint was kept on the inside/sides of the drawers and offers a nice contrast with the aluminium when opened.
