Description

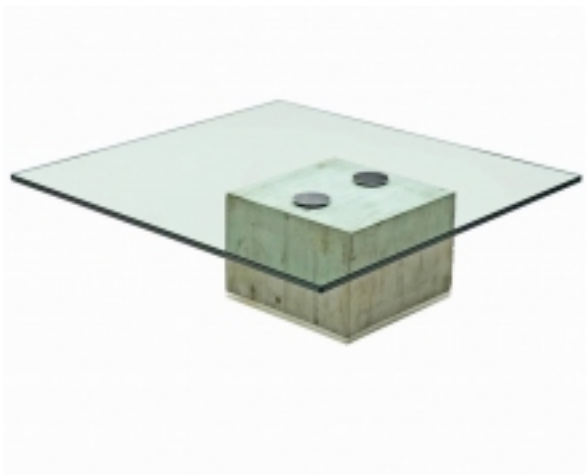

Sergio & Giorgio Saporiti- Coffee table

With finished concrete base and glass top

- Mid century modern from Italy 1970-1979

12.6" high by 55 inches in length and 35 inches wide

Modern, sculptural coffee table designed by Sergio and Giorgio Saporiti. This table called Model Sapo is made of a solid concrete base with a glass top attached. Due to the fixture by two metal knobs, the glass plate keeps the balance. This table would be a wonderful centerpiece in any modern home or interior. The combination of the clear glass and the raw concrete is striking.
